

# Career Development Center Partnership Program

NC STATE

Academic and Student Affairs

The Career Development Center Partnership Program provides an exclusive opportunity for the world's most innovative organizations to pair exceptional student talent with employment opportunities within their organizations.

Partner organizations share NC State's commitment to the career growth of our students and actively participate in the recruitment activities of the Career Development Center (CDC). Partner support is instrumental in helping the CDC provide high quality, impactful services to NC State's students and alumni.
